Announces

ONE DAY SEMINAR
ON
Cloud Computing and Big data

In Collaboration with

IEEE young professionals

IEEE Kolkata Section and

Geek Monkey Studio, Microsoft Biz Spark Partner and Intel Software Partner

24th April, 2015

Venue: Jhingha, Sarisha, D. H. Road, 24 Paraganas (South), West Bengal-743368
Phone: 03174-245078/101
Website: http://www.tnu.in

The Neotia University (TNU) is one of India’s youngest private Universities established by an Act of West Bengal Assembly in February 2015. It provides holistic education with an “education through exploration” focus and believes that this differentiated approach will help transform today’s students into tomorrow’s leaders.

In doing so, the sprawling 50-acre university on the outskirts of Kolkata, expects to emerge as the preferred academic destination for 500 of the best faculty members drawn from the world over and around 15,000 students (peak).

Where students may graduate... with more than just a degree.
How to reach

The TNU Campus is about 40 km from Kolkata. You can reach the campus:

By Bus: Venue can be reached by bus from Kolkata (Dharmatala, through Alipur, Behala, Thakurpukur, Amtala) to Marine college stop.

By Train: Local trains are available from Sealdah station to Diamond Harbour Station. From there Bus or Auto-rickshaws are available to the campus.

Outcomes of the Seminar

- The Understanding and appreciation on cloud computing, Internet of Things (IOT) and Big Data by experts from academia and industry.
- Windows Azure: The Microsoft Cloud Computing platform (Storage, Computing and Infrastructure)
- Bluemix IMB Content and introduction to R
- Slides and Videos
- MSDN subscription (Students only) for 90 days for downloading all original OS, IDEs and many licenses
- Mentoring for using MSDN facilities to develop software solutions. (Based on your competence to develop solutions using MSDN facilities, the access to it may be extended by one year)
- Certificate of appreciation from Geek Monkey Studios partnered with Intel and Microsoft
